PROFESSIONAL SUMMARY

Solution-oriented Front-End Developer with a PhD in Electrical Engineering and a strong foundation in web development from Wild Code School and Udemy. Skilled in HTML, CSS, JavaScript, TypeScript, Node, Express and React, and experienced in Agile and Scrum methodologies, I excel in creating dynamic, responsive web applications. Passionate about backend development and Web3, I am eager to contribute to a collaborative team and deepen my expertise in the tech industry.

TECHNICAL SKILLS

- **Front-End Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, TypeScript, Node.js, Express.js, et Bootstrap.
- **Frameworks/Libraries:** React.js, jQuery.
- **Version Control:** Git, GitHub.
- **Development Tools:** Visual Studio Code, Chrome DevTools, npm.
- **Responsive Design:** CSS Grid, Flexbox, Media Queries.
- **Testing & Debugging:** Chrome DevTools, ESLint, Biome.

EDUCATION

1) **Web Development Program**

   Wild Code School – [September 2024 – February 2025]

- Learned and applied Figma, HTML, CSS, JavaScript, Typescript, and React to create fully responsive and interactive web applications.
- Collaborated with classmates on team-based projects, practicing Agile methodologies and Git version control.

2) **PhD in Electrical Engineering (Telecommunications and Networks)**

Claude Bernard University Lyon 1 (2021-2024).

- **Dissertation:** Investigation of Ambient Radio-Frequency Energy Harvesting Circuits on Recyclable, Low-Cost and Eco-Friendly Substrates.
- Developed strong problem-solving skills and ability to handle complex technical challenges.
- Strengthened skills in technical writing and logical reasoning.
- Data analysis using MATLAB and Python

3) **Master of Engineering in Electrical Engineering (Telecommunications and Networks)**

University of Buea (2019-2021).

- **Dissertation:** Energy Harvesting for Low Power Devices and Systems and Application to Wireless Sensors Networks/IoT

4) **Bachelor of Engineering in Electrical and Electronics Engineering (Telecommunications and Networks)**

University of Buea (2014-2018)

- **Final Year Project:** Agency Parcel Management Software

PERSONAL PROJECTS

- Built a personal portfolio website to showcase projects, using HTML, CSS, JavaScript, TypeScript and React (**https://pangsui-tech.netlify.app/**).

CERTIFICATIONS

- **Front-End Development with React** – Wild Code School, Udemy
- **Responsive Web Design** – Wild Code School, Udemy
- **JavaScript and Java Algorithms and Data Structures** – Wild Code School, Udemy
